

Documentations

AUIS exam scheduling assistant, aims to help the processes of creating an exam schedule, using data provided from AUIS-SONIS.

Getting started

Open the Application from your favorite browser by going to it's public url.

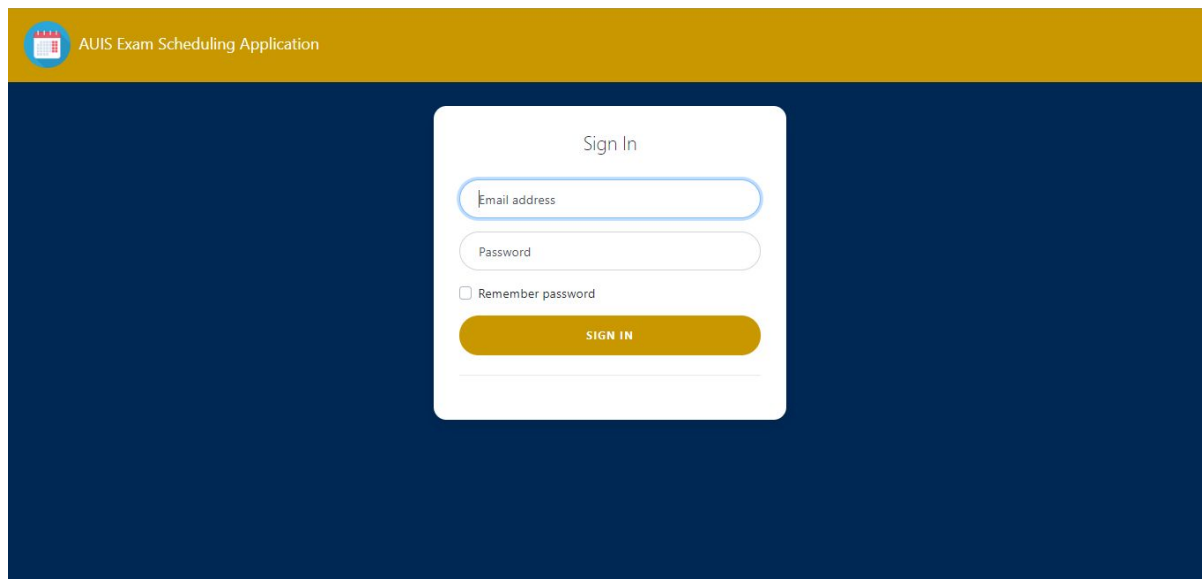

The screenshot displays the AUIS Exam Scheduling Application interface. At the top, there is a yellow header bar with the application name and a login icon. Below the header, a dark blue navigation bar contains a date range selector set to "Oct 20 – 24, 2019" and a toggle for "week" and "day" views. The main area is a calendar grid with columns for each day from Sunday to Thursday. The rows represent time slots from 5am to 1pm. Exam sessions are shown as yellow blocks within the grid. The sessions are as follows:

	Sun 10/20	Mon 10/21	Tue 10/22	Wed 10/23	Thu 10/24

Get started by clicking the login icon in the navigation bar.

Log in:

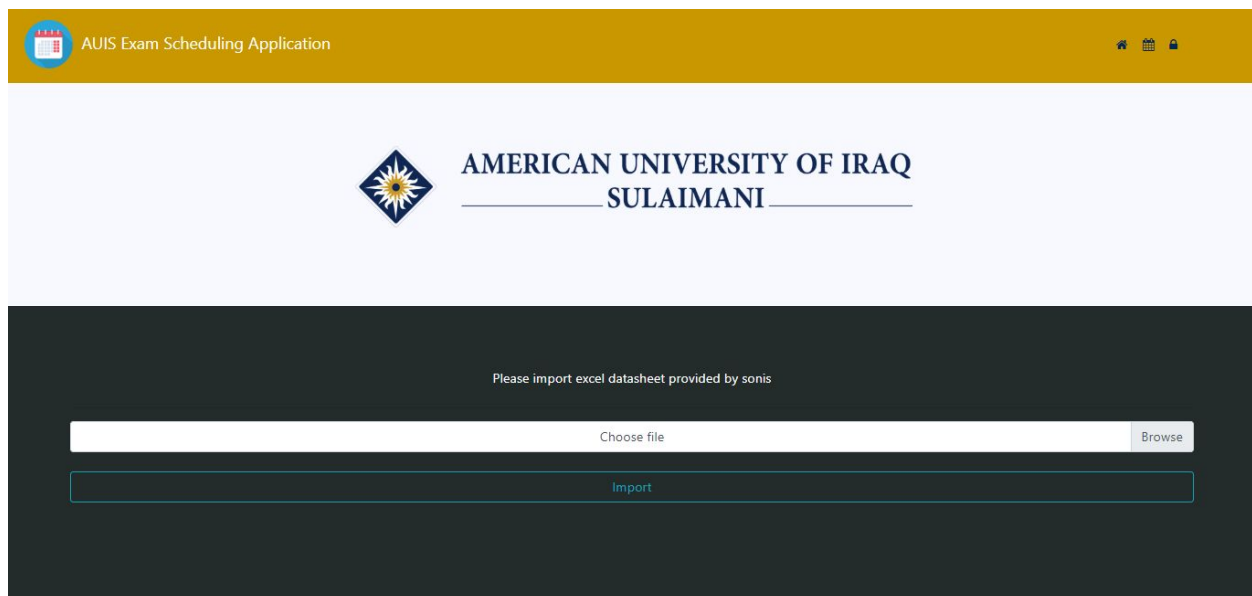

The screenshot shows the login interface of the AUIS Exam Scheduling Application. It features a dark blue background with a white login box in the center. The box is titled "Sign In" and contains two input fields: "Email address" and "Password". Below these fields is a checkbox labeled "Remember password" and a yellow "SIGN IN" button. The top of the page has a yellow header with the application's name and a calendar icon.

Type in your email and password and click sign in.

You will be redirected to a page that asks for the excel sheet you obtained from SONIS.

Importing data:

The screenshot shows the data import page of the AUIS Exam Scheduling Application. The page has a yellow header with the application's name and a calendar icon. Below the header is a white banner with the American University of Iraq Sulaimani logo and name. The main content area is dark grey and contains a message: "Please import excel datasheet provided by sonis". Below this message is a file selection interface with a "Choose file" button and a "Browse" button. At the bottom is a large "Import" button.

Click choose a file, and select the file you obtained from sonis, please make sure the file is in the following format.

File Format:

fx | Soc_sec

	A	B	C
1	Soc se	Course	Section

The Check button runs in the background, every time it's pressed it returns a list of students who have multiple exams in a day.

The check box "Only show more than 2 exams per day" only checks for students who have more than 2 exams in a day (eg: 3 exams, 4 exams etc...).

You can enable the console, which will provide you with more insight while you are making your schedule.

Press Ctrl + Shift + I, then go to console (if it wasn't on console by default)

The screenshot displays the AUIS Exam Scheduling Application interface. On the left, a sidebar lists courses: PHI 202, ECO 201, ITE 303, ACC 222, HUM 202, and LGS 320. The main area features a weekly schedule grid with columns for days of the week (Sun-Sun) and rows for time slots (all-day, 6am, 7am, 8am, 9am, 10am, 11am). The 8am slot on Sunday, Monday, and Tuesday is occupied by ENGR 498, ITE 408, and BUS 303 respectively. The 10am slot on Sunday is occupied by MGT 201. Below the grid, a Chrome DevTools console is open, showing log messages from the application. The messages indicate exam schedules for various students on Thursday, October 24, 2019, listing the exams they are taking.
